

Government Guidance on Working Safely During Corona Virus – 21<sup>st</sup> May 2020

### Job Retention Scheme

Dear Client,

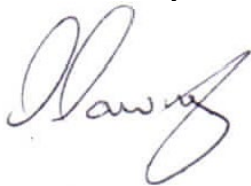

The governments Job Retention Scheme (i.e. 80% of employees pay for furloughed workers) will stay in its current form until 31<sup>st</sup> July 2020. However, from 1<sup>st</sup> August 2020 it will be modified to add flexibility to allow people to return to work. The details behind this will be released at the end of May.

Early indication suggest employees will be allowed back to work on a part time basis and the employer will be asked to pay the money they would have received had the employee been on furlough. This ensures the employee still gets at least 80% of their pay.

We will provide more detail when information becomes available.

If you would like to speak with us about your specific business situation, please do not hesitate to contact us.

Yours sincerely
